

App Charging Instructions

Step 1:

Download the EVO App

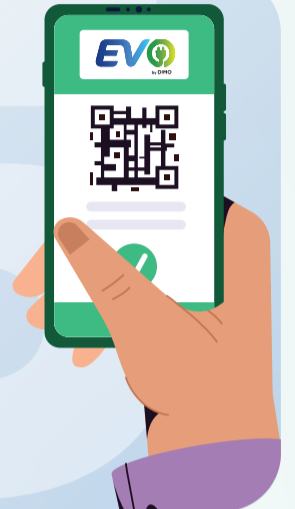

Scan the QR code on the charger to download the EVO app from the App Store or Google Play.

Step 5:

Scan the Charger QR Code

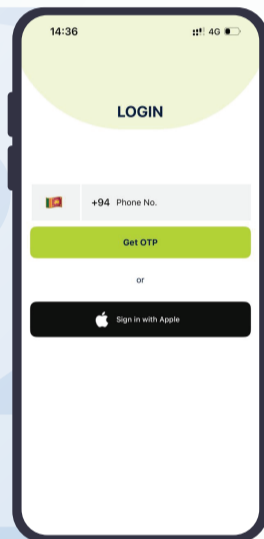

Use the in-app scanner to scan the charger QR code, or enter the Charger ID shown on the unit.

Step 2:

Log In

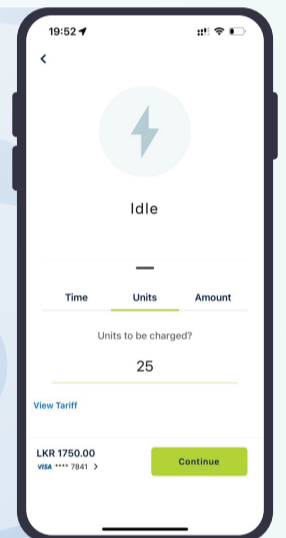

Create an account using your mobile number, or log in if you already have one.

Step 6:

Select the Mode

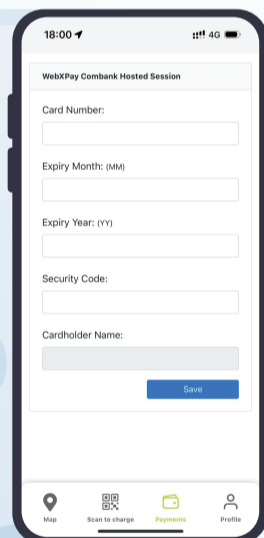

Choose between Time, Amount, or Units for your charging session as needed

Step 3:

Save your Card Details

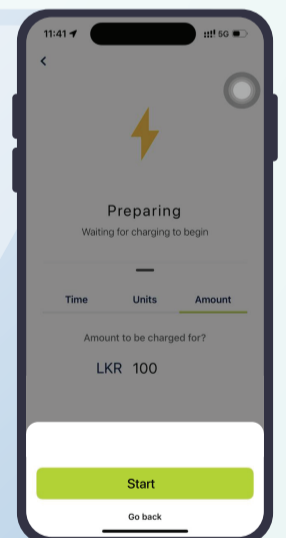

Save your card details securely for convenient transactions. No need to keep a wallet!

Step 7:

Start Charging

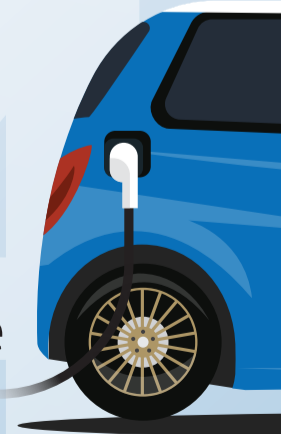

Once the payment is confirmed, tap "Start" to begin the charging session.

Step 4:

Connect to Your Vehicle

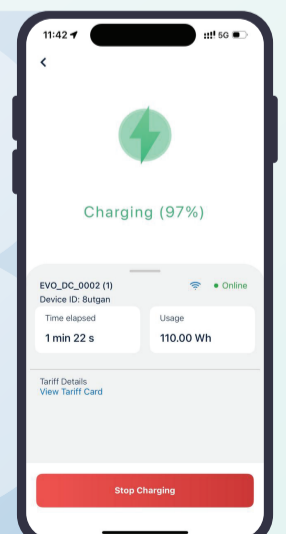

Unlock the connector from the charger, confirm it is compatible with your vehicle, and plug it in until you hear a click.

Step 8:

Stop & Return the Connector

When finished, tap "Stop," unplug the connector, and place it back securely in the holster.
